

Fully featured, compact & cost-effective the World's Smallest Media Player

The PICO MINI is a compact yet fully featured digital signage player designed to deliver an extraordinary impact when communicating with a targeted audience for internal information distribution or customer facing messaging and promotion. Available at a great price point, this is the ideal choice for the budget conscious.

Easily connecting to either the Sedao LFD or similar, the PICO MINI uses the SedaoLive CLOUD solution to display dynamic digital signage messages how you want them, when you want them.

PICO MINI

- Manage your display from your online account using any internet connected device, any time, anywhere
- Choose from a range of modern templates with varying multimedia zones including built in time and date widgets
- Add your logo, colour scheme and theme image to the templates for a personalised display
- Update your message with text, images, videos, news feeds, pdfs, PowerPoint and more
- Send emergency messages instantly
- Easy to use and designed for non-graphic/non-technical users
- Cost effective with no ongoing costs for a single screen with basic plan features

Easy to follow Set-up Wizard for a complete Out-of-the-Box customer experience to get you started today!
